

# In Recognition of Black History Month

Blacks commit 90% of the approximately 1,700,000 interracial crimes of violence that occur in the U.S. each year.

Blacks are so much more likely than members of other races to commit crimes that police may be justified in stopping and questioning them more frequently-just as they stop men more than women and young people more often than old people.

Whites are victims of over half - 50% of the violent crimes committed by blacks. Blacks are the victims of whites in 3% of violent crimes.

- Bureau of Justice Statistics

## ***Black Commentator says Liberal Media Ignores Millions of Black on White Hate Crimes!***

The above statistics gathered by the *New Century Foundation* out of FBI reports have been completely ignored by the Liberal media and Conservative talk radio as well. Walter Williams, a well known syndicated black columnist attended the press conference of the New Century Foundation at the Washington National Press Club to report the shocking findings. Walter Williams noted: " Some of the study's findings about interracial crime were surprising, so much so that I did an independent verification of the numbers." He says his research proves the study's information is correct. He continues to say:

*"Regardless of race, criminal violence is despicable and deserving of condemnation. But far more destructive are the official and unofficial attempts to mislead and conceal. Roughly 400 members of the major print and electronic media were invited to the press conference on 'The Color of Crime.' Several asked for advanced copies before they'd consider sending anyone. Only 14 reporters stayed for the briefing and only a couple reported on the study, most notably The Washington Times and C-Span. One reporter said that he'd like to write a story but he doubted he could get it by his editor. If the facts were the other way around, everybody from The New York Times and the President to the NAACP, Jesse Jackson and the Congressional Black Caucus would be shouting about and demanding that something be done."*

My friends, the truth is out there and the fact is there is an ongoing race war in the country and white men, women, and children, are the victims. Some mistakenly believe that acts of violence against whites are justified because of past slavery. But the raping of your wife, daughter or sister and the robbery and assault or murder of your son, brother, father or husband has nothing to do with slavery hundreds of years ago. Blacks still enslave other Blacks in Africa, but who is most often the victim of their savagery – white families butchered by the thousands. Even now, as you are reading this, white children in any part of the world are being mauled, tortured, raped, and murdered! Ahhh- power in the hands of Negroes – Isn't equality great? Brothers and sisters, remember, though you may have as yet been personally untouched by the race war against whites. It is only a matter of time before your friend, loved one, or neighbor is at their mercy. The government has betrayed you and refuses to defend white Christians. While world wide, white people are a minority –11%-they still remain a slim majority in the U.S . But please ponder-

***If you think you have problems with non-whites now – Just wait until they are the majority!***
