

An Introduction to The Knights™ And National Director Thomas Robb

www.kkk.com

After the cannon fell silent and peace descended upon the battlefields of the War Between the States, there came an infamous chapter of American history called “The Reconstruction”. From this era- this abyss of human misery and despair there arose like the morning sun the Ku Klux Klan. The KKK movement provided for the people of the South the leadership and rallying point to begin their arduous struggle to regain their lost dignity and indeed, the values of western Civilization.

The glorious ride of the Ku Klux Klan of the Reconstruction era is immortalized by its achievements. No misrepresentations by prejudiced historians or by misguided members of America’s mass media can dim the luster of its deeds, or rob it of its rightful place in history as the savior of the South- and thereby, the preserver of the purity of the White race for all of America!

The Knights Party™ – the largest Ku Klux Klan in existence today keeps alive the memory of the original Klansmen and the principles and traditions for which they risked their lives. While there is no single Klan organization today that can rightfully claim to be part of the original Klan, The Knights Party, headquartered in Harrison, Arkansas does feel it has captured the heart, the spirit, the dignity and the honor of those early Klansmen and their families who assisted them – in their endeavors to bring law, order, and justice to the South so that all could live peaceful lives.

However, The Knights does not exist just as a memorial to past accomplishments, but as a living instrument for the ideals of Western Christian Civilization and the one element that makes it possible: the white race.

What the Knights Stands For

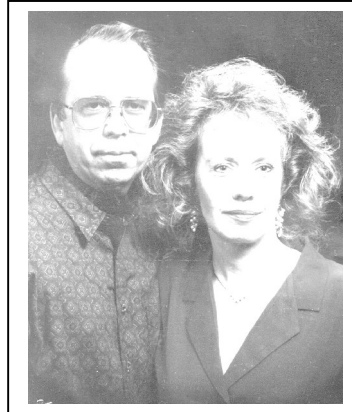

From out of our international headquarters in Harrison, AR (PO Box 2222) The Knights sends out a message of hope and deliverance to white people throughout the world. In each country, we encourage white people to have pride in their own nation and at the same time work for worldwide white racial unity!

In America, associates of The Knights stand upon the following principles:

- The white race: The irreplaceable hub of our nation, our faith, and the high levels of western culture and technology.
- America First: First before any foreign influence or interest.
- The Constitution: as originally written and intended – the finest system of government ever conceived by mankind.
- Free Enterprise: Private property and ownership of business, but an end to the high-finance exploitation that has put all

races under the grip of a world wide banking system.

- Positive Christianity: The right of the people to practice their Christian faith-including prayer in school.
- The Family: We believe the strength of any nation must be based upon family units, commonly called the traditional family – led by strong God fearing men and women.

What is The Knights Party?

The Knights or The Knights Party is a Ku Klux Klan organization. It is a legally incorporated non-profit political organization working on behalf of Western Christian Civilization. Pastor Thomas Robb, who serves as the National Director has always emphasized the need of Jesus Christ to be the foundation for our endeavors.

The Knights is working to build a grass roots movement of White Christian men, women, and children who support a return of White Christians to government.

Under the leadership of Thomas Robb, associates and supporters can work through a coordinated effort to move The Knights to center stage of American politics. We must make our voice heard and get behind National Director Thomas Robb’s dream of providing a future for our children and our White brothers and sisters.

Pastor Thomas Robb

Thomas Robb, pictured above with his wife Muriel, is an ordained Baptist minister. Born in Detroit, Michigan and later moving to Tucson, AZ with his family when he was a young man, Thomas Robb became politically active when he was 17 years old speaking out against Communism. He began publishing his own newspaper when he was 19 called The Torch - which he still publishes today. After graduating with a Bachelor of Theology degree, Mr. Robb and his wife Muriel moved to Los Angeles, CA where he received his doctorate under private tutelage. Feeling they were led by God to the

heartland of America, Pastor Robb and Muriel moved their children to Harrison, Arkansas. It is centrally located in the U.S. and would be beneficial to their evangelistic ministry.

Mr. Robb has been a powerful spokesman the past 35 years for the white rights movement. Newspapers and magazines such as London Sunday Times, Wall Street Journal, New York Times, Washington Post, Newsweek, USA Today, and countless others have called him charismatic, a strong leader, methodical in approach, the new face of the Christian Right, and the man to be watched in the racialist movement. Pastor Robb has committed his life to speaking up for the rights of white Christians while traveling all over America. All three of their grown children and their spouses are active in the white rights movement. Nathan Robb and his wife Anna edit the The Torch and their youngest son Jason is a Constitutional attorney. Mr. Robb always stresses the importance of family involvement noting that there is no better way to secure a future for our children than by teaching them how to stand up for their Christian faith and to be proud of their heritage. It is so important, he reminds us, that we not despise our birthright like Essau of the Bible who sold out his heritage for a mess of pottage. It’s all about family whether it’s our immediate family or our racial family and Pastor Robb speaks up for the family!

Origin of the Name

The name Ku Klux Klan comes from the Greek work Kuklos, meaning circle, wheel, or band This name was chosen because in it is contained some of the unique characteristics of the white race. The wheel is the best symbol of creativity; hence the creativity of white men and women. “Klan” was added to emphasize the importance of family and heritage as in the family “klans” of Scotland.

Requirements to Associate

The Knights is an organization geared toward positive and success oriented white Christian men and women. Associates of The Knights should base their beliefs upon their love of heritage and Jesus Christ and not be motivated by hate.

Those who decide to associate with The Knights must realize that we are not “Klan reenactors”. While we are proud of our Klan heritage, it is important to realize that The Knights is in a different era. The strategies used in the past are not compatible with America in this century. In the sixth era The Knights is 1.) heavily engaged in the electronic medium, for rallies are less effective. And 2.) A political party seeking political power. 3.) Recognizing that it is not the Negro, the Jew, the

homosexual, or other non-white in America that is the root of the problem. The primary cause for the problems facing the white race in America is white Christian apathy. Hence the need for: 4.) White Christian Revival. If you are truly serious about the fraternal aspect of the 20's Klan, and that is the single or primary issue behind you signing up you will be disappointed. There are other Klan groups that place their emphasis upon fraternal ritual of the 20's Klan – as a sort of hobby. However, if you truly believe in the modern and progressive program and the platform of The Knights Party, that we are a political organization seeking political power, and are America's last Hope for White Christian Revival, then we welcome you. You will find plenty of opportunities to bring a message of hope and deliverance to your white brothers and sisters.

The Knights and Self-Determination

We believe in self-determination for all people. We believe that the best minds of all people should work together for the advancement and development of their own people without being hindered by another racial group. The Bible commands us to respect the boundaries of every nation and race to insure worldwide peace and harmony.

No, we are not the enemies of the black man, the brown man, the red man, or the yellow man. Rather it is those who attempt to artificially force the different races together that are the enemies of all. The stupidity of those who cry "diversity, diversity" and then turn around and cry, "thou shall integrate" is becoming more evident each and every day. They themselves just can't see the obvious.

However, while the social engineers, are busy at work wreaking havoc on America's social fabric, the common man and woman are

restless. Certainly, many of these "do-gooders" are well meaning. But, by ignoring the laws given to us in the Bible and choosing for themselves what is right or wrong – they are slowly destroying the beautiful world that God gave to us all. These social engineers with their

Left, Mrs. Rachel Pendergraft - Nat'l Membership Coordinator, Spokeswoman for The Knights, and 20 year veteran of the movement – ready to welcome you to the team!

"situation ethics" have taken over the Republican and Democratic Parties.

Many continue to claim faith in their party, but their mind is full of doubt. From the 5th generation farmer in Nebraska who is sick about the homosexual direction of the Democrats to the young mother in New Jersey who worries about the one world agenda of the Republicans, Americans are stirring and they are looking.

What will they find in their quest? – hope or oppression. Will they end up empty in their search? The answer lies with us - those who really care about them and their families. We can either turn our backs on them, by essentially doing nothing or we can sound an alarm.

Our nation is at the crossroads and if our people are to persevere, they must do so on the positive merits of love for our own, not hatred for others. As Pastor Robb has said on many occasions, "we don't hate anyone, but we do love our faith and our people."

The Knights is a love group and through the

unity of our people and by the guidance of Jesus Christ WILL be successful in bringing about a return of liberty and freedom for white Christian America – and a better place for all who believe in Jesus Christ

Why a KKK Organization?

Sometimes a person who says that he or she believes in our principles will ask why we don't change the name of our movement.

Here are a few reasons why: It is a matter of principle. We believe in the Ku Klux Klan. We believe that the founders of the Ku Klux Klan were led by divine providence and that once again just like the Klan saved the white race during "Reconstruction" it will arise like the great phoenix – to bring our people back from the brink of destruction.

It is a tactical asset. The controversial nature of the KKK attracts tremendous interest. No one can respond to a cause if he or she has never heard about it. Those who may be inclined to suggest that we no longer remain Ku Klux Klan should note that, directly or indirectly, they probably wouldn't be reading these lines right now if not for the name.

The Knights and Christianity

The Knights concedes the right of every citizen to worship Jesus Christ as he sees fit, and will not tolerate denominational dissention. All White Christians must unite and work together against those who wish to utterly destroy the Christian faith. Catholics as well as Protestants, who believe in our goal of White Christian Revival, are eligible to associate with The Knights. Won't you stand up today! Future generations are counting on you and as Christians it is our duty to witness to our white brothers and sisters.
